MANUFACTURERS' CLEARING HOUSE SALE

An unparalleled opportunity to delve into the overloaded warehouses and stock rooms of manufacturers and wholesalers and pick out their choicest merchandise at a fraction of its intrinsic worth.

Because of the backward season—the worst on record for many years—and other adverse trade conditions for which there was apparently no immediate remedy—overstocks that threatened disaster faced many manufacturers and wholesalers in a majority of lines. Appreciating these unusual conditions and always alert to save you money, we have had our buyers diligently and thoroughly searching the market for several weeks for the biggest and best values to be found.

Remarkable success has rewarded our efforts. Manufacturers were eager to obtain the advantage of the Busy Corner's unmatched capacity to market immense quantities of merchandise in quick time when quality and prices are right. Price concessions greater than have prevailed in recent years were made to obtain our co-operation as a clearing house for these vast overstocks, enabling us to inaugurate the

Most powerful and conclusive price lowering event ever brought before the people of Washington and vicinity.

The goods are new—all recently and specially bought—and all departments throughout the store are represented.

Sale starts tomorrow morning—lasts three days—Tuesday, Wednesday and Thursday only
In case any lots become sold out, others of equal value will be substituted.

Choice of any 12½c
